Cattle born after 1 July 2000 must be identified by all numeric tags.

Tagging Requirements

- The tags used for double tagging are known as the **primary and secondary tag**. The 'Primary' tag, which may be inserted in either ear, must be made of **yellow plastic** and be at least 45 mm from top to bottom and at least 55 mm wide; the characters must be a minimum of 5 mm high. The primary tag must bear the symbol of a crown (the GB logo), the letters UK and the unique lifetime identification number.
- The 'Secondary' tag may be of a range of approved materials and models, including metal, plastic 'button' type and other plastic type. It must contain the same information as the primary tag, but may also contain management information. The secondary tag must be in a different ear from the primary tag.

Tagging Requirements:

- Sheep born or identified after 31/12/09 require:-
- Full EID, two identifiers one of which must be electronic. The EID can be contained in a tag, a bolus (an identifier in a container that is swallowed and stays in the animal's stomach) or a pastern tag (band around the animal's lower leg). The options available for identifying sheep are listed below:-
- EID ear tag (preferably yellow) + conventional ear tag (any colour except red and black)
- EID ear tag (preferably yellow) + tattoo
- EID ear tag (preferably yellow) + conventional pastern tag
- EID Bolus + conventional ear tag (must be black)
- EID Bolus + conventional pastern tag (must be black)
- EID pastern tag + conventional ear tag (any colour except red and black)
- Note: a red tag indicates a replacement tag where there is not complete traceability

- Sheep intended for slaughter under 12 months of age, require a Single Electronic slaughter tag which contains the flock mark only.
- Goats are only required to be double identified and do not require an EID identifier but may be so identified if the owner wishes
- Sheep and Goats born after 18 January 2008 and before 31 December 2009 must be identified with two means of identification (two official ear tags or one official ear tag and a tattoo or, solely in the case of goats, one official ear tag and a pastern mark) bearing the same individual number.
- Older animals born prior to 18 January 2008 and not already officially identified are now also subject to the double identification requirement. However, in the case of animals born prior to 09 July 2005, this will only apply when the animals are to be moved off the holding.

Moves to Shows

A movement document must be completed for each move to and from the show or exhibition showing the number of animals moved at batch level. It is the keeper's responsibility to report these moves to the Scottish Animal Movement Unit (SAMU), Government Buildings, 161 Brooms Rd, Dumfries, DG1 3ES. Supplies of movement documents and assistance with their completion can be obtained from SAMU, Tel No: 0845 601 7597, Fax No: 01387 274457 or email: samu@scotland.gsi.gov.uk.
